DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 22, 2005 has been entered. Claims 1-9, 11-16 and 21-23 are pending.

Claim Rejections - 35 USC § 103

2. Claims 1-9, 11-16 and 21-23 are rejected under 35 U.S.C. 103(a) as being unpatentable over Lee, US 5,765,137.

Lee discloses, e.g. Figs. 4-16, a display device, e.g. 70, estimating a manufacturing cost, e.g. 106, 110, and a processor, e.g. 62, 108. Lee does not disclose simultaneously displaying at least two of a plurality of calculated manufacturing costs on a display device, e.g. a split screen. However, Official Notice is taken that providing for a split screen view on a device for viewing technical information, e.g. common knowledge manufacturing costs, e.g. cost factor data or a physical characteristic of a product, has been common knowledge in the computer art. To have provided such for Lee would have been obvious to one of ordinary skill in the art.

The motivation for doing such would have been to use common knowledge technical means to view common knowledge manufacturing cost data. Applicant's February 22, 2005 REMARKS have been reviewed, but are moot in light of the new grounds of rejection.

3. Further pertinent references of interest are noted on the attached PTO-892.
4. Applicant's June 27, 2001 Information Disclosure Statement (IDS) has been reviewed. Note the attached IDS.
